Dimensions: 9.7in. x 7.4in. x 0.1in.In response to a congressional request, GAO reviewed the Social Security Administrations (SSA) Claims Modernization Project (CMP) to determine SSA progress in achieving the projects original objectives. GAO found that: (1) although SSA has reduced the original scope of CMP, it has fallen 3 years behind schedule; (2) SSA completed no major portion of the software redesign, although it procured significant amounts of hardware; (3) SSA has not followed sound management practices in implementing reduced CMP; (4) because SSA has not followed good systems development practices, its systems are vulnerable to problems similar to those it experienced in the past; (5) without standards for testing, documenting, and validating software, future modifications could be difficult and costly; and (6) despite the delays and inadequate tests, SSA contracted to procure the hardware to support original CMP and is faced with renegotiating quantities and delivery schedules.
