Excerpt: . . . bowels, but nothing approaching to purgation ought ever to be permitted. When a loose motion occurs, withdraw one pill; at the end of another interval omit the second pill; and within another month the condition of affairs will require only one or two pills per week; finally, he takes a pill occasionally for the sake of maintaining health and keeping off old troubles. Lacerated Cervix The Cause Of Epithelioma. --In a communication to the Southern California Practitioner, Dr. Walter Lindley says that Dr. Emmet regards lacerated cervix with cystic degeneration a condition closely related to malignancy. He had seen four cases of lacerated cervix with cystic degeneration develop into epithelioma, and has never known of a case of epithelioma in a woman who had not gone through childbirth. Dr. Emmet emphasized this with the positive statement that there is no epithelioma of uterus except after lacerated cervix; and when all physicians learn the importance of operating on the lacerated cervix, epithelioma of the uterus will be a disease of the past. Medieval Nastiness. --The Medical News shows that it continues to exist, the survival of which it compares to the survival of the strange gar-fish of the Chesapeake, which remains as almost the sole representative of the monstrous, misshapen ganoid fishes which have been swept out of existence by the successive cataclysms of geologic ages. This perpetuation the News finds in a recently received volume which claims to be the American Homoeopathic Pharmacopoeia. In...
