His account of an ascent of Mount Everest has led to a general reevaluation of climbing and of the commercialization of what was once a romantic, solitary sport; while his account of the life and death of Christopher McCandless, who died of starvation after challenging the Alaskan wilderness, delves even more deeply and disturbingly into the fascination of nature and the devastating effects of its lure on a young and curious mind."citation from American Academy of Arts and Letters, upon awarding Krakauer an Academy Award in Literature INTO THIN AIR "Ranks among the great adventure books of all time."Wall Street Journal "Raw and immediate and devastating.
