## THE AMERICAN CAMPAIGN: U.S. PREISIDENTIAL CAMPAIGNS AND THE NATIONAL VOTE

[DOWNLOAD](#)

Texas A&M University Press. Paperback. Book Condition: New. Paperback. 336 pages. Dimensions: 9.2in. x 6.1in. x 1.0in. Reporting data and predicting trends through the 2008 campaign, this classroom-tested volume offers again James E. Campbells theory of the predictable campaign, incorporating the fundamental conditions that systematically affect the presidential vote: political competition, presidential incumbency, and election-year economic conditions. Campbells cogent thinking and clear style present students with a readable survey of presidential elections and political scientists ways of studying them. The American Campaign also shows how and why journalists have mistakenly assigned a pattern of unpredictability and critical significance to the vagaries of individual campaigns. This excellent election-year text provides: a summary and assessment of each of the serious predictive models of presidential election outcomes;a historical summary of many of Americas important presidential elections;a significant new contribution to the understanding of presidential campaigns and how they matter. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
