

Self-Knowledge and Spiritual Yearning: The Role of Spirituality in Psychological Health (Paperback)

By E Douglass Brown

iUniverse, United States, 2007. Paperback. Book Condition: New. 226 x 147 mm. Language: English . Brand New Book ***** Print on Demand *****.According to E. Douglass Brown, modern science has silenced all doubt among open-minded people that life emanates from an intelligent designer. The all-encompassing, distinct characteristic of the human being is an inborn link to the spirit of God. To cultivate that link, the Creator provides human beings with a divine paradigm for self-development. In Self-Knowledge and Spiritual Yearning: The Role of Spirituality in Psychological Health, Dr. Brown offers revitalizing prescriptions from the Quran for cultivating a healthy personality and for healing the self that has suffered psychospiritual injury. Dr. Brown also describes the seven stages of psychospiritual self-development and provides examples of behavior in each stage. Through the use of universal metaphors, Dr. Brown explains how a person advances to higher levels of consciousness, finally culminating in unfettered God-consciousness. He also includes instructions from the Quran about how to overcome difficult life situations that impede your progress in achieving a greater plane of consciousness. Learn to focus on spiritual healing and start integrating it into your everyday life!.

Reviews

I just began looking over this pdf. It is one of the most amazing pdf i have study. I discovered this book from my dad and i recommended this pdf to understand.

-- **Merritt Kilback II**

Good e book and useful one. I have got read and that i am confident that i will likely to go through once more again later on. It is extremely difficult to leave it before concluding, once you begin to read the book.
