Florida Butterfly Caterpillars and Their Host Plants

By Marc C. Minno, Jerry F. Butler, Donald W. Hall

University Press of Florida. Paperback. Book Condition: new. BRAND NEW, Florida Butterfly Caterpillars and Their Host Plants, Marc C. Minno, Jerry F. Butler, Donald W. Hall, This book will become the classic guide to southern butterfly caterpillars and their host plants. With hundreds of color photographs and concise information in a format that can easily be carried into the field, it offers an unprecedented tool for all butterfly gardeners, teachers, naturalists, students, and scientists in the southern United States. No other book offers such a comprehensive discussion of Florida butterfly caterpillars and their host plants. It covers caterpillar anatomy, biology, ecology, habitat, behavior, and defense, as well as how to find, identify, and raise caterpillars. The book contains sharply detailed photos of 167 species of caterpillars, 185 plants, 18 life cycles, and 19 habitats. It includes 169 maps. Photos of the egg, larva, pupa, and adult of representatives of 18 butterfly families and subfamilies provide life cycle comparisons that have never been illustrated before in such an accessible reference. Because of Florida's mild climate and diversity of plants, caterpillars thrive in abundance in the state. Florida's butterfly fauna consist of temperate species from eastern North America, tropical species from the...
