Taken credit for success, but blamed failure on external circumstances? Backed the wrong horse? These are examples of cognitive biases, simple errors we all make in our day-to-day thinking. But by knowing what they are and how to spot them, we can avoid them and make better choices - whether dealing with a personal problem or a business negotiation; trying to save money or make money; working out what we do or don't want in life, and how best to get it.
